Motions, Memorials, and Resolutions

**HOUSE CONCURRENT RESOLUTION NO. 1
BY STEVENSON**

A CONCURRENT RESOLUTION
STATING LEGISLATIVE FINDINGS AND
AUTHORIZING THE LEGISLATIVE COUNCIL TO
APPOINT A COMMITTEE TO STUDY ENERGY RELATED
ISSUES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, there were numerous bills introduced in Congress from 1996 through 2002 which would have provided for the restructuring of the electric utility and energy industries in this country; and

WHEREAS, there are aggregators who are aggressively trying to find customers to purchase electric energy from them; and

WHEREAS, Idaho currently enjoys low electric rates compared to the rest of the nation, mainly because of our hydropower base; and

WHEREAS, there may be some benefits to a competitive electric utility industry, there have been some large unintended consequences to the ratepayers and the citizens of the state given the California energy crisis and the Enron collapse; and

WHEREAS, it is not the intent of the Legislature to have big winners and big losers regarding energy policy; and

WHEREAS, there have been many worthwhile social programs included in an electric utility's rate base such as fish mitigation, weatherization and low-income assistance programs, and the Legislature would not like to see those lost by a restructuring; and

WHEREAS, Idaho's water rights system is a complex system of management, and electric utility restructuring could affect demand loads and river flows and have some large unintended consequences if not managed properly.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a Committee to undertake and review energy related issues from both the statewide perspective and the national perspective. The Committee is directed to involve representatives of industry, agricultural groups, small businesses, consumers of electricity and conservation interests. The Committee is also authorized to retain the services of a consultant, within appropriated moneys, who is familiar with the energy industry

and who can provide necessary economic or other research that can assist the Committee and the Legislature in making an informed decision on this most important topic.

BE IT FURTHER RESOLVED that nonlegislative members of the Committee may be appointed by the cochair of the Committee who are appointed by the Legislative Council. Nonlegislative members of the advisory Committee shall not be reimbursed from legislative funds for per diem, mileage or other expenses and shall not have voting privileges regarding the Committee's recommendations or proposed legislation.

BE IT FURTHER RESOLVED that the Committee shall make a progress report to the Second Regular Session of the Fifty-seventh Idaho Legislature and shall make a report detailing its findings, recommendations and proposed legislation, if any, to the First Regular Session of the Fifty-eighth Idaho Legislature.
